

The EduKick Football & Education Academy Accommodation, Health & Welfare

ACCOMMODATION

Why do we offer a private Chalet as our academy accommodation? http://bit.ly/EduKickSpain_Villa

We believe that our footballer's academy accommodation experience must be safe, nurturing, clean, and of the highest quality to maximize their experience at the academy.

As opposed to a hotel or homestay accommodation, our players reside in our private, secure, and adult-supervised villa chalets that only our student-footballers and academy staff can access.

It is important for our players to feel comfortable and at home during their time abroad with us. Our private villa chalet accommodation option makes this a reality for our players, as they enjoy living in complete tranquility in a residential neighborhood in Benalmadena.

Most importantly, our new concept of academy accommodation allows us to provide isolation from passive tourism to our athletes, which nowadays due to the presence of Covid-19 is a priority to keep everyone safe and healthy during the academy course.

GENERAL PROTOCOL

- Compliance with the Guide for Health Protection for opening of hotels and tourist accommodations in Andalucía
- Continuous Cleaning and Disinfection of communal and high-risk areas
- Staff have been trained on safety protocols
- Academy players all have included in tuition SANITAS Health insurance
- <https://www.sanitas.es/>
